18. Prior year adjustment
Letshego Holdings Limited ("LHL") suffers withholding taxes ("WHT") in various tax jurisdictions from where it earns interest, management fees and other income. The Botswana Income Tax Act (the "Act") allows LHL to claim these WHT as credits against income tax payable in Botswana arising from such foreign income. The Act restricts such credits to the lesser of the following-

The Act restricts such credits to the lesser of the following(a) the tax payable in the other country; or
(b) the tax charged under the Act, on such foreign income.

LHL has claimed these WHT as credits in its income tax returns in Botswana for each of the years up to
financial year ended 31 December 2016. For the financial years 2014, 2015 and 2016, the Botswana
Unified Revenue Services ("BURS") paid refunds to LHL in respect of such credits amounting to P15.5Mn,
P43.1Mn and P59.7Mn respectively. A recent review of LHLS tax position found these WHT claims to be inconsistent with the Act. As a consequence, LHL has adjusted its financial statements. Such adjustments are considered to be correction of errors in accordance with "LAS 8 Accounting policies, change in accounting estimates and errors". Consequently, these are now corrected with retrospective application as illustrated below:

IMPROVING LIFE STORIES

66

I approached Letshego in March 2016 for a loan of SZL109,500 (BWP84 000). I invested the funds in two projects/assets, I bought a tractor and a mini-bus. I used the tractor to plough and plant vegetables in Mbekelweni which led to me supplying the local market in the area with cabbages, spinach, lettuce, onions and maize. During the summer I use the tractor to plough maize fields for farmers around my area, which helps to provide extra income. I intend to purchase a trailer using the profit. The trailer will assist me in harvesting and transporting different goods for the farmers in my area.

My loan with Letshego ensured that I become selfsufficient. I now have multiple sources of income.

I'm a teacher by profession in the Opumaka Combined School in the North. I received financial assistance six years ago from Letshego which I used to build ten rooms / flats that I rent out, receiving NAD10 000 (BWP8 000) per month in rental income.

I used this income to pay back the loan and put my three children through school. I intend to expand my property by adding more rooms / flats to increase the income I generate from them.
