### SCHEDULE 3

#### ADDITIONAL RISK FACTORS

Capitalised terms used in this section headed "Investor Considerations" shall bear the same meanings as used in the Terms and Conditions, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

In addition to the Risk Factors referred to in the Programme Memorandum, the Issuer believes that the risk factor outlined below may affect the Notes issued in terms of this Applicable Pricing Supplement. The value of the Notes could decline due to any of the factors outlined in the Programme Memorandum and below, and investors may lose some or all of their investment.

The Issuer believes that the factors described in the Programme Memorandum and below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it, or which it may not currently be able to anticipate. Accordingly, the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive.

Prospective investors should read the detailed information set out in the Programme Memorandum to reach their own views prior to making any investment decision.

#### **Enforcing your rights as a holder of the Notes across multiple jurisdictions may be difficult.**

The Notes will be issued by the Issuer which is organised under the laws of Botswana. In the event of bankruptcy, insolvency or a similar event, proceedings could be initiated in Botswana. Your rights under the Notes may thus be the subject of multiple jurisdictions and there can be no assurance that you will be able to effectively enforce your rights in multiple bankruptcy, insolvency or other similar proceedings. Moreover, such multi-jurisdictional proceedings are typically complex and costly for creditors and often result in substantial uncertainty and delay in the enforcement of your rights.

Further, enforcement of your rights in respect of the security provided under and in terms of the Notes may also be the subject of multiple jurisdictions as security thereunder will require enforcement in Botswana and/or Namibia. Such multi-jurisdictional proceedings are typically complex and costly for creditors and often result in substantial uncertainty and delay in the enforcement of your rights.

#### SCHEDULE 4
